Ice Cream Social to Feature Networking, Voter Registration

Tomorrow's Ice Cream Social, to be held at the school from 1-3 pm for HJCS scholars and their families, will offer a chance for HR families to network and for adults to register for Tools for Schools and for voting in the November election. Sometimes people don't realize that they are no longer registered to vote or that they are eligible to register and vote again. If you have moved since the last election or have not voted in many years, you might not be listed on the rolls at your last polling place. You will need to register again or send a change of address form to the Board of Elections. If you know someone who is now homeless or who is or was in jail, they may still be able to vote. Stop by the registration table on October 4 and ask. Fill out a registration form and help us teach our students about how democracy works. Bring your Price Chopper Advantage Card, too, to register for Tools for Schools!
