Annual Cell Phone Policy Enforcement Report

School Year: 2025–2026

Publication Date: September 1, 2026

Executive Summary

In accordance with state/district requirements, this report summarizes the enforcement of the school's cell phone policy during the 2025–2026 school year. For this reporting period, the school recorded zero (0) incidents of disciplinary action for policy non-compliance.

1. Student Demographic Data for Disciplinary Actions

During the 2025–2026 school year, 0 students were subject to disciplinary actions resulting from cell phone policy violations.

2. Disparity Analysis

Because no disciplinary actions were initiated or recorded during the 2025–2026 school year:

- No demographic disparities exist across student subgroups.
- Statistical analysis yields no significant variance in policy enforcement.

3. Mitigation Action Plan

Because no statistically significant enforcement disparities were identified, a corrective mitigation action plan is not required at this time.

The school will continue to:

- Clearly communicate cell phone policy expectations to all students, staff, and families at the beginning of each academic year.
- Provide proactive, restorative interventions to maintain high rates of compliance.
- Continuously monitor enforcement practices to ensure equitable, consistent application across all student demographics.
